

\$406,000 to Agri-Health research in Manitoba, CCARM celebrates anniversary

Celebrating the announcement/5th anniversary of CCARM are (L-R) Canadian Centre for Agri-Food Research in Health and Medicine team leader Dr. Peter Zahradka; Dave Chomiak, Minister of Innovation, Energy and Mines; Shelly Glover, Member of Parliament for Saint Boniface, and Stan Struthers, Minister of Agriculture, Food and Rural Initiatives

The Governments of Canada and Manitoba are committing \$406,000 in funding in 2010/11 to the Manitoba Agri-Health Research Network Inc. (MAHRN) to support the further research, development and commercialization of projects that identify links between food components and health, Manitoba Agriculture, Food and Rural Initiatives Minister Stan

Struthers and Member of Parliament Shelly Glover (Saint Boniface), on behalf of Federal Agriculture Minister Gerry Ritz, announced today.
