

## **Singal's Efforts Honoured during National Volunteer Week**

On Thursday, April 11, 2019, [Dr. Pawan Singal](#), Principal Investigator Cell Pathophysiology, [Institute of Cardiovascular Sciences](#) for St. Boniface Hospital Research, was recognized by the Pakistan-Canada Cultural Equation of Manitoba, the Manitoba Historical Society and the Borden-King Institute for his excellence and achievement in volunteer activities in Manitoba.

It was noted that Dr. Singal has been an instrumental supporter of the India Centre for Academic Business and Community Excellent, the University of Winnipeg, the India Association of Manitoba, and an accomplished fundraiser, who

has helped advance many projects in Manitoba.

Congratulations Dr. Singal!
