

RECRUITMENT AND INFORMED CONSENT: MOTIVATIONS, CHALLENGES AND SPECIAL CONSIDERATIONS – RESEARCHER AND PARTICIPANT PERSPECTIVES

October 14, 2009

12:00 noon – 4:30 p.m.

University of Manitoba (Bannatyne Campus)
Frederic Gaspard Theatre (Theatre A), Basic Medical Sciences Building
727 McDermot Ave, Winnipeg, Manitoba

Speakers Include:

- Dr. Cheryl Rockman-Greenberg
Head, Pediatrics and Child Health
- Dr. Hani El-Gabalawy
Director, Rheumatic Diseases Research Lab
- Dr. Jon McGavock
Researcher, Manitoba Institute of Child Health
- Dr. Bruce Tefft
Chair, Psychology/Sociology REB
- Dr. Roberta Woodgate
Faculty of Nursing / Participant Panel Chair
- Research Participant Panel

Objectives:

- ✓ To identify issues and challenges related to research participant recruitment and informed consent process.
- ✓ To better understand how to initiate the process of informed consent within specific research communities.
- ✓ To promote greater understanding of the motivations and challenges facing the research participant during recruitment, the informed consent process, and study participation (participant panel discussion).

An application has been submitted to ACRP for approval to offer contact hours for this program.
