

5th Annual Hoops from the Heart a resounding success!

On Tuesday June 4th, Hoops From The Heart featured two exciting basketball games at the Duckworth Centre at the University of Winnipeg. In the first game at 6:15 pm, a combined University of Winnipeg/University of Manitoba men's team played against an All Star team made up of Manitoban players who play in other Universities and Colleges throughout Canada and the US. In the second game at 7:30 pm, the University of Winnipeg women's were up against their traditional cross town rivals, the University of Manitoba women's team.

Proceeds from the game will support "Basketballs for Inner City Kids" as well as heart research at St-Boniface Hospital.
