

## **Fernyhough, WinSanTor highlighted on Radio Canada**

Dr. Jean-Eric Ghia has been highlighting local researchers on his Ici Radio Canada show “Des éprouvettes et des hommes” for the last several years, and he has now moved on to television! Check out the latest episode of his new feature “Qu’est-ce qu’on cherche?”, which aired February 23rd on the Ici Radio Canada TV program Téléjournal. In this segment, he visited the lab of [Dr. Paul Fernyhough](#) to discuss diabetic neuropathy.
